Moon Phase Assignment
Basic Astronomy

Name: _____

Over the next week I would like you to try to observe the Moon at least three times (weather permitting, of course). The more you observe the more credit you will get.

In the columns below I want you to record:

1. The date that you made the observation.
2. The approximate time
3. The time of moonrise (you will need to get this from the newspaper, the radio, or on the Internet.
4. A sketch of how much the Moon's globe was covered by light or darkness
5. The direction (East, Southeast, South, Southwest, or West) it appeared in the sky

Date	Time	Moonrise	Sketch	Direction
