

Standards Working Group Membership

Standards Group: The Development Committee

The members of this committee spent many hours during the 1998 and 1999 creating and refining the New Hampshire Adult Education Standards.

Maureen Cavanagh, North Country Education Foundation
Art Ellison, NH Bureau of Adult Education
Leslie Haslam, Exeter Adult Education
Juli Haugen, Dover Adult Learning Center
Sally Healy, Hillsborough County Department of Corrections
Pat Nelson, Second Start, Concord
Dottie Oliver, NH Bureau of Adult Education
Peggy Selig, Laconia Adult Education
Wendy Siebrands, Claremont Adult Education

At the 1999 New Hampshire Adult Education Fall Staff Development Conference, the Standards Group presented the standards to their adult education colleagues. There was a general consensus that the next step must be development of activities and materials for use by adult education teachers and learners.

In fall, 2000, New Hampshire Bureau of Adult Education administrator Art Ellison called for new participants to join the original Standards Group members for the purpose of identifying and developing appropriate materials. Participants decided to form four working groups. This notebook, New Hampshire Adult Education Standards—Model Lesson Plans, is the result of their work during 2001 and 2002.
